

Temperature range	Ambient+10°C to 200°C, 300°C
Construction	MS/ Stainless steel 304/ GI (as per specification)
Conveyor Type	Belt/ Overhead/ chain/ slat (if needed)
Air circulation (Optional)	Motor driven blower unit
Heater	Infrared / Electric Heater
Insulation	High class insulation
Temperature controller	PID Temperature controller
Electrical Control	Load indicator/ Circuit Breaker/ Heating Control/ Thyristorized control (if specified)
Optional accessories	Stainless steel exterior Trolley with racks Timer PLC based HMI controller Fresh Air inlet Zoning for better heat control
Power supply	220/415 volts 50Hz
